Well done to all of you who took part as the rain made it very unpleasant-pity. A score event in this area would be covered by fast runners such as Sander and Ben in about 10 mins so I wanted to stretch that time by doing the star score. However they still do it in a ridiculous time. Next time I shall get them to go to the centre control after every control maybe that will work!

Hope you all enjoyed it despite the rain and lovely to see newcomers and visitors.
